

Welcome to the 2018 edition of the *New Zealand Rose Review*.

It is a pleasure to bring to you news, reviews and information about new and recently released roses in New Zealand. There is an ever growing range of roses coming on the market to satisfy the requirements of all rose lovers from the beginner through to the most experienced growers.

Don't forget to order your roses early, especially new release and popular varieties as they can sell out fast, also any varieties you may wish to grow as a standard.

Once again, we have a number of rose nurseries and breeders advertising their latest releases, including some for the first time, so please support them and mention the *New Zealand Rose Review* when purchasing your roses.
